Argo Brothers Math Workbook, Grade 5: Common Core Free Response (5th Grade) 2017 Edition

Synopsis

This book is your comprehensive workbook for 5th Grade Common Core Math. By practicing and mastering this entire workbook, your child will become very familiar and comfortable with the state math exam and common core standards. This 5th Grade Common Core Math Workbook (Free Response) includes: 20 Weeks of Daily Free Response Practice Weekly Assessments State Aligned Common Core Curriculum End of Year Assessment Detailed Video Answer Explanations to all questions in the workbook For practice with Multiple Choice questions, be sure to check out Part II of our workbook titled: Common Core Math Workbook, Grade 5: Multiple Choice, Everyday Practice (5th Grade) Each question is labeled with the specific common core standard so both parents and teachers can use this workbook for their student(s). This workbook takes the Common Core State Standards and divides them up among 20 weeks. By working on these problems on a daily basis, students will be able to (1) find any deficiencies in their understanding and/or practice of math and (2) have small successes each day that will build competence and confidence in their abilities. We know the common core can be challenging. For that reason we have decided to provide detailed video explanations to each math question. If your child is having trouble with any questions, you can easily access our video explanations where an instructor will show the student how to get the correct answer. We strongly recommend watching the videos as it will reinforce the fundamental concepts. Please note, scrap paper may be necessary while using this workbook so that the student has sufficient space to show their work.

Book Information

Paperback: 146 pages

Publisher: Argo Brothers Inc (September 23, 2016)

Language: English

ISBN-10: 0997994835

ISBN-13: 978-0997994834

Product Dimensions: 8 x 0.3 x 10 inches

Customer Reviews

Anayet Chowdhury CEO & Co-Founder of Argo Brothers is an author, entrepreneurial thinker, and educator who has helped thousands of students gain acceptance into top colleges and high schools. Anayet discovered his passion for teaching in high school, where in his free time, he conducted cancer research at Memorial Sloan-Kettering Cancer Center. His cancer project was awarded multiple gold-medal awards and he had the privilege to present his research to President Obama. Anayet is also a Founding Board Member of Teptu, a non-profit organization aimed at finding the most innovative students in the realms of S.T.E.M research and sustainable entrepreneurship. Anayet sits on the board and serves as an investment advisor to several startup companies that are in the e-learning and tech space. In his spare time, he enjoys learning to play the guitar and piano. Vladislav Suleyman CTO & Co-Founder of Argo Brothers is an author and serial entrepreneur who has developed several educational software solutions to help students around the world. Vladislav started his first entrepreneurship venture in Central Asia where he was very successful in introducing ECO Cleaning Systems to private hospitals and organizations. Today he is an educator and motivational speaker, dedicated to making a difference for students who are struggling and cannot afford a quality education. Vladislav is an avid yoga enthusiast and regularly practices the art of meditation. Eduard Suleyman CFO of Argo Brothers and Founder of Einstein Daycare holds an MBA from the University of Westminster. Eduard has been an educator for over a decade teaching students about corporate finance, stock market analysis and business expansion. He previously served as the Head of Technology at the Research Center of Corporate Governance and Securities Market. Aside from actively being involved in the production of K-12 and higher education test prep books, Eduard believes education starts from the very beginning and Eduard has created a custom learning program at Einstein Daycare, a licensed pre-school located in New York City, where kids are intellectually stimulated using cutting-edge learning tools.

Great resource for homework or daily practice.

Nicely written, great for 5th graders

Very PARCC Aligned!

This is a great book for preparation for Statewide test

I think this is a great book and relates to what my son learns in school in NYC

My kids love it. Very informative, good examples. Highly recommend.

I definitely recommend this book (Part II: Free Response) and Part I: Multiple Choice for daily math practice. They are well organized and provide fairly large number of exercises, which is important for successful learning. These books serve me as a very good companion for school curriculum.

This volume contains free response practice problems (not multiple choice). I highly recommend this book as well as Part 1 (multiple choice problems). The practice questions provided are a great resource for preparation for the common core exam for my child.
