Books on the Kinyarwandan language are rare. This is the best I have seen and is a must for English speaking travelers to the beautiful country and people of Rwanda.

One of the very few books on this language. Great start for me.

I've used other language guides for travel, but this is by far the best. The book is laid-out clearly and logically. It is easy to find important words and phrases, and everything is explained in simple, clear terms. Also, in addition to giving one the basics of pronunciation and practical conversation, Odette Nyiramongi offers tips that help create understanding between different cultures. This book would help any traveler feel more confident and better enjoy a trip to the beautiful country of Rwanda.

This was a great book. I was studying for my upcoming job in Rwanda but I lost this book at the very last minute.
