GET EVEN MORE INFORMATION ONLINE: You'll find a wide range of aids for doing your best on the CPA exam at wileycpa.com, including content updates, CPA exam study and test-taking tips, and more. All Wiley CPA Exam Review products are listed on the site.

This book thoroughly covers the information on the CPA Exam. If read and studied carefully it will prove to make you successful in passing that very difficult exam. The outline and study guides are well organized and concise as to what is important to focus on. I could not have passed the exam with out it!! Thank you Wiley!!

It's an incredibly intimidating book but it is nice not having to buy different books all over the place and spending a lot extra when coupled with a study program. I prefer to just go at this book and pass the tests. Make sure to couple this with the problems and solutions book.

Wiley products rock! The only issue with the book is the size. At almost 1700 pages it is impossible to carry conveniently around.

Book was in great condition, has a lot of information, kind of challenging in focusing on what is the most important. Still in college, but working through each section little by little.

needed for cpa exam studying and i find that since Wiley creates textbooks for college aged kids, they have a better handle on how to approach the teaching mechanism of the review course

Taking the CPA exams? Want to study? get these books. They are the best. Take the prep classes and then take the exams after each of the classes.

Excelent study aid for almost all accountig classes. Of course great for preparing for the exam.

Too confusing get Becker...
