# Flower Spirits 2017 Wall Calendar

## **Synopsis**

One of only a few radiographic photographers practicing today, Steven N. Meyers uses x-ray photography to capture the texture and details of flowers in invisible light. To obtain these effects, invisible to the human eye, Steven uses supersensitive, large format film. His luminous images have been enhanced with digital color.

## **Customer Reviews**

This calendar replaces one with "x-ray" flower photography. Although last year's also had scripture which I prefer, the photography used for this calendar is stunning and not the usually floral photography that one typically sees on a calendar.

Each year I look forward to seeing which flowers will be featured in this calendar. This unique view of flowers is enhanced with carefully-chosen color tinting, and includes a variety of different images from year to year. Simple and elegant.

Beautiful. I buy a new calendar every year.

Love Steven Meyers work. Took some of the pages and framed them.

Love the photo technique. I have gotten one many years in a row because they are so beautiful!

This is a beautiful calendar, with a photography style that created ethereal flowers.

i bought it for my girlfriend & she loves it!

I love the oictures. They are like art
