Customer Reviews

An amazing book. For people who are lousy at marketing their own products, services or creative projects, this book is for you. For people who have conflicts between money and being a spiritual person, this book is for you. For people who put people first and money second, this book is for you. For people who have less than a happy relationship with money, this book is for you. For people who live more from the heart than from their head, this book is for you. I wished I had found this book years ago. What the author shares in this book is the way to have it all; prosperity, health, happiness and peace of mind. - Frederick Zappone, Author of 'LIFE INSIGHTS' from The Wizard: Inspiring, Empowering, Thought Provoking
