McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide --This text refers to the Hardcover edition.

They got rid of the copies of this book at my school when we upgraded to the newer version. While I feel the text is often not challenging enough in both versions, the newer edition took out many of the more challenging cases relating to race, homelessness, business liability, etc. I felt those cases and the subsequent discussions would be of use to my students, so I bought one copy so I could add back in those discussions. Why they took them out of the newer editions makes no sense to me. Law discussions should challenge how we live in our society and the cases in the edition do.

Nice book, fast shipping, Thank you.

The book was great! It's was almost new

This is a great intro to everyday law and government for high school students. Students really need a book like this.

I have not started using it yet. This summer I will be utilizing this as reference material for teaching my Business Law/Criminal Law class. It happens to be the textbook for the public school in my area.

Book was in great condition. Just what I needed to supplement my class textbook.

Good reading.

I needed something for high school and I think this is more college level.
