Best Sellers Rank: #1,960,105 in Books (See Top 100 in Books) #97 in [Books > Teens > Personal Health > Drug & Alcohol Abuse](#) #688 in [Books > Medical Books > Pharmacology > Pain Medicine](#) #1389 in [Books > Reference > Encyclopedias & Subject Guides > Medical](#)

Customer Reviews

I like it, contains many examples and stories to back up the explanations. Also fairly detailed, and not hard to walk through the chapters. I use it for my research studies as a source of many experiences ! Would recommend to any person interested in Neuroscience

I guess that was what was fashionable at that time. I thought it would be a more serious guide about the effects of drugs but you can reduce this to a big pamphlet of "say no to drugs because they'll leave you dead or insane"
