"One of the most critically acclaimed, best-selling children's book series ever published".-- The New York Times

This warmly told biography of our sixteenth president is enriched by many authentic but seldom told anecdotes and complemented by bold color illustrations that capture the spirit of Lincoln and his era.

My 8 year old son loves these books which is surprising considering he doesn't like to read very much.

My granddaughter is 7 years old and Abe is her favorite president. She loved this book. Learned many new facts about her fav. and the reading level was perfect for her as she is venturing into chapter books.

Bought as a gift for grandchild. Read thru it myself prior to giving it as present and can't believe how much information is presented in such clear and easy statements.

I got this book in good condition and I got it at a great price.

Great first reader on the Life of Abraham Lincoln and good details and easy read for 3rd or 4th graders.

I ordered this book for the pre school class and they are excited to read all the new books we purchased for the class.

My 6 year old son is fascinated with Presidential history and specifically Abraham Lincoln. We've read several "kid-friendly" books on Lincoln and this was by-far the best!

very good reading book for reading and history.
