A Year In Marrakesh

Synopsis

Having learned to appreciate Muslim life while living in Pakistan, Peter Mayne settled down to live in the back streets of Marrakesh in the 1950s. Rather than watch from the shelter of a hotel terrace, he rented rooms, learned the language, made friends, and became embroiled in conspiratorial picni, hashish-laced dinners and in the enchantments and misunderstandings of the street, with its festivals, love affairs, potions and gossip. By turns used, abused and cherished by his neighbours, Mayne wrote their letters for them and captured the essence of their lives in this affectionate and hilarious account.

Customer Reviews

Very interesting, very readable; not comprehensive but a nice view into a slice of life that gives you a feel for customs of Morocco.

charming read. Everyone should read this. An unvarnished, witty account of a year in Marrakesh by a man who really loved to get to know new cultures.

Read while in Marrakesh, and it brought me to places I would or could not experience. A fine companion for my trip.

I already did this.HELP HELP: I ordered the Glassblower trilogy some time ago, was charged for it, but it never registered into my Kindle.

Interesting take on Marrakesh. Gives a glimpse of one person's experience. Wonderful place.

Charming description of Marrakesh in the 1950s -- much of which still holds true.

Well written and full of interesting escapades.

Did not particularly like the author's writing style.
