Vocabulary Power Plus For The New SAT, Book 1

Synopsis

Intended for 9th grade. Your students will score higher on the SAT once they've used Prestwick House's Vocabulary Power Plus for the New SAT, the only program that addresses all of the revisions in the test without compromising the vocabulary studies students need. Each unit alternates focusing on the critical reading and essay portions of the test with questions focusing on sentence completion, reading comprehension, inference, essay, root practice, and more. Review units ensure your students will remember what they've learned. Why should you use Vocabulary Power Plus? You'll save time because you won't have to write vocabulary lessons from scratch. Reading passages similar to those on the SAT* help students learn words by examining their contexts. Multiple exercises reinforce the meanings of words to students, fostering long-term knowledge. Your students will learn more than 200 new words in each book. You'll tackle vocabulary instruction and test prep with one resource. *SAT is a registered trademark of the College Board, which was not involved in the production of and does not endorse this product.

Average Customer Review: 3.9 out of 5 stars 33 customer reviews

Best Sellers Rank: #35,366 in Books (See Top 100 in Books) #19 in [Books > Teens > Education & Reference > Language Arts > Vocabulary & Spelling](#)

Customer Reviews

This is a student classroom edition. Tests and Answer Keys are available from the publisher but are sold only to schools and teachers.

The book is great. But not a good value at all . I brought five books in this series - big mistake - When I called the publisher for the answer key, they said that they will have to charge me 34.99 for each (basically the price of Teachers edition). . It would have been nice , if this was mentioned some where in the book details

I highly recommend the Power Plus series... we purchased Book H and Book 1. It is better than most other vocabulary books or flashcards. This was really a book for teachers to use in classrooms... but as a parent I found it to be excellent. For the answers... I contacted the publisher and they emailed me the answer key.

Have begun using this in my English classroom. So far so good. Some of the words are very familiar to the students, while others are some they've never heard (licentious, numismatist, opiate, amalgamate, caricature). The exercises can be somewhat difficult for them, but good practice. Some of the exercises are a bit vague to be practical, but overall it's been quite useful. Biggest benefit: the vocabulary in context that is similar to the format of the new SAT test. The biggest downside: the teacher's edition is sold separately for nearly \$40.

I spoke with the publisher; you can get the teacher's edition through them even if you aren't a teacher. They just don't want kids ordering the teacher books themselves. Customer service was very nice. As for the student books, I thought they were well done. If you want to look at samples or get started ASAP, the publisher offers a download of a few chapters on their website.

as expected

I bought this to help my son prepare for the SATs. It was helpful and he felt confident once he went through the book. It's rather a short book for SAT vocabulary but I think it's to the point and can be used as a reference book. Delivery was awesome it came sooner than expected basically next day.

This book really helped memorize and really understand the SAT words and it was great other than the fact that you may need to use Quizlet or another service to also help practice.

Perfect
