Late Victorian And Edwardian Fashions (Dover Fashion Coloring Book)

Synopsis

From hoop skirts to bustles: a practical book that's also fun to colorAn era that saw women's fashions go from hoop skirts to softly draped bustles, the late Victorian and Edwardian periods also provided well-to-do ladies with elegant day dresses featuring leg-o'-mutton sleeves and lavish evening wear with plunging necklines. Twenty-nine colorable illustrations of fashionable apparel from the 1860s through 1910 depict – among other outfits – opera capes, frock coats, top hats, and knitted swimwear for men; and for the ladies, walking suits with narrow skirts, bathing outfits that completely cover the figure, and billowing bloomers for bicycling. A dazzling collection for theatrical designers, fashion historians, and style mavens; delightful entertainment for colorists of all ages.

One of the leading authorities on fashion history, Tom Tierney created over 150 paper doll books for Dover Publications. With subjects ranging from U.S. Presidents to popular movie stars, Mr. Tierney's books are famous for being carefully researched and meticulously rendered. His releases are prized by fashion professionals, collectors, and paper doll lovers all over the world.

Kind of disappointed in this book. It's ok, but not as good as other fashion books on . A good chunk of each page is devoted to the history of the garments in the picture and I didn't feel that it was necessary. Just my opinion.....also, there are a lot of "black and white" parts in the pictures which decreases your ability to add your own color. Would have been more fun that way.

The best pictures are shown, but I am most disappointed at the quality of paper. No matter what I color the image on the reverse will show through. I have to choose one side to color over ruining the other side of the paper.

Absolutely love this book!! Am a new colorist so am having to learn as I go but even still, these are turning out beautifully! Hope to buy better grade pencils soon and hope that will help make them even better. The detail in the drawings is wonderful. Also enjoying reading the explanations of the styles. Just wonderful!!!

I purchased this coloring book for my mother as a gift. Great fashion scenes, perfect poses! The quality of the paper is wonderful, too. It's thick enough where you can't see the drawings coming through from the opposite page. My mom loves it and I've already purchased another book by this author/artist!

I use this as guide for fashion in my Victorian and Edwardian era art. I've never been good with fashion or fashion terminology, but this book is simple and easy to understand and provides great descriptions and explanations below each picture. Great fun to color, too. :)

I am very impressed with fashion especially historical pieces. This book is so enjoyable, however I wish that the entire piece could be colored. Some pieces are already colored in black and white.

Beautiful representations of period fashions. I loved adding color to them. I would recommend this to anyone interested in historical fashions.

Beautiful and detailed illustrations. Lots of fun to color.
