Customer Reviews

Fresh off the opening salvo of his multiuniverse, alternate-history, mad-science-bomb Manhattan Projects (2012), Hickman starts another high-concept series, this one set in a futuristic Old West and starring none other than the Four Horsemen of the Apocalypse. But there's trouble in the ranks, it seems, between Death and his cohort. What exactly that trouble is, and a swarming host of other tantalizing questions—like what happened between the Civil War and 2066, for instance—are teased out as Death tracks down those who have wronged him, in the grand tradition of western revenge yarns. The sprawling storytelling will likely pay off in the long run, but the narrative moves in so many directions right off the bat that one's attention gets easily quartered. Happily, Dragotta's bloody, gangly art is a great fit—from the eerie white figure of Death and the impish manifestations of Conquest, War, and Famine to the dustpunk marriage of frontier imagery and futuristic technology. Though it's still in its early throes, this looks to be a seriously entertaining, darkly epic apocalypse in the making. --Ian Chipman

One of the most riveting and thrilling graphic novels I have ever read. The characters are all and

everything one would imagine, the story plot out of this world with a twist of the old west. I would recommend this to any graphic novel aficionado without batting an eye.

I haven't had the chance to follow up with the series, but this was a great start

Great comic if you are looking to get away from Marvel and DC. Definitely in my top 5 favorite comics

Visually one of the best comic running right now! I love the story and have already purchased the next 2 issues. The comic style i really like and its great for a lazy raining Chicago Day. Thanks John Hickman for transporting me to another magical place, for millions to enjoy.

My daughter likes futuristic western type books and wants to keep reading these.

Great start to what looks like an intriguing story. The artwork is fantastic and the characters are interesting. There are a few typos, e.g., judgement instead of judgment, which is nothing more than a minor nuisance.

Very captivating. Took me into a portal that left me somewhere mesmerizing. I thoroughly enjoyed reading, and can't wait to see whats next

This story has a great premise and Hickman gives readers just enough information to keep plot developments interesting without a sense of being lost.
