Tim McNulty is a poet, essayist, and nature writer. He grew up in Connecticut's Quinnepiac River Valley, and attended Northeastern University and the University of Massachusetts in Boston. Tim moved to the Pacific Northwest in 1972 and settled on Washington's Olympic Peninsula. A passionate spokesman for the Wild, he remains active in the Northwest environmental community. Tim's poems, essays, and articles have appeared in numerous publications in the U.S. and abroad, and his natural history writings have been translated into German and Japanese. He is the author of ten books of natural history, including *Olympic National Park, a Natural History*, which received the Washington Governor's Writers Award, and *Washington's Mount Rainier National Park*, which won the American Outdoor Book Award. Tim's poetry collections include *CLOUD STUDIES: TWENTY POEMS FROM PAWTRACKS* and *THROUGH HIGH STILL AIR: A SEASON AT SOURDOUGH MOUNTAIN*.

Excellent history on Mount Rainier.

The Text and photos present an exquisite introduction to the park. I only wish theyd covered more areas and sides of the mountain. I knowit all well. Mark Weick

This books has some fantastically beautiful pictures. It provide useful information of Mt. Rainier and how it looks like during different seasons and also it gives you an idea of where to go and take beautiful photos.Having said that, however, this is not a guidebook per se, hence, it does not provide you with information to get around Mt. Rainier.

Those of us who have hiked or climbed Mt. Rainier know that the beauty of the experience doesn't always come out in our photos. O'Hara has captured that beauty in over a hundred shots we all wish we had taken.
