I Wish My Teacher Knew: How One Question Can Change Everything For Our Kids

Synopsis

One day, third-grade teacher Kyle Schwartz asked her students to fill in the blank in this sentence: "I wish my teacher knew _____. The results astounded her. Some answers were humorous, others were heartbreaking—all were profoundly moving and enlightening. The results opened her eyes to the need for educators to understand the unique realities their students face in order to create an open, safe and supportive place in the classroom. When Schwartz shared her experience online, #IWishMyTeacherKnew became an immediate worldwide viral phenomenon. Schwartz's book tells the story of #IWishMyTeacherKnew, including many students' emotional and insightful responses, and ultimately provides an invaluable guide for teachers, parents, and communities.

Customer Reviews

Praise for I Wish My Teacher Knew: "I Wish My Teacher Knew is both inspiring and practical. With rich detail, it shows how, by beginning with building trust between a teacher and her students, magic can follow. Teachers will value the helpful to-do's, and all of us will value the account of life in the classroom. At a time when policymakers are obsessed with tests and accountability, I Wish My Teacher Knew delivers a powerful reminder that teaching isn't a matter of drill and kill, that the teacher's job is to develop children's excitement about learning as well as their character. For anyone who cares about teaching and learning—and that should be all of us—this book is indispensable."—David L. Kirp, Berkeley professor and author of *Improbable Scholars: The Rebirth of a Great American School System and a Strategy for America's Schools*; Kyle

Schwartz truly understands that relationships matter most in the classroom, and she shares tools and stories that every educator will find both powerful and engaging. It is a
‘back-to-school' must read!—Tony Wagner, author of The Global Achievement Gap and Creating InnovatorsLibrary Journal, 6/1/16, starred review“Sharing the profound events that shaped her pupils' lives, both online and now in this book, allowed the author to show how easy it is to bring teachers and students together to build a stronger classroom community…A real passion for the kinds of teaching that better the lives of students is evident in Schwartz's every word, and her compassion and caring is contagious.“BookPage, August 2016“Provide[s] suggestions for transforming any classroom or school into a greater community. After reading Schwartz's book, teachers will be inspired to join the #IWishMyTeacherKnew movement and get to know their students better.“InfoDad blog, 8/4/16“There is wisdom as well as pain in the fill-in-the-blank responses that Schwartz shares with readers.“The Bookworm Sez“ syndicated column, 8/2/16“If you're a teacher…this book could change your career. Look for it.“Philadelphia Tribune, 8/6/16“Enlightening…An invaluable guide for teachers, parents and communities.“New York Times, 8/31/16“Details how essential it is for teachers and families to be partners.“Us Weekly, 9/1/16“Full of handwritten student notes as well as research on child poverty.“

“ Kyle Schwartz is a third-grade teacher. She lives in Denver, Colorado. @kylemschwartz

An eye opening book that every teacher should read! I love inspirational books such as this one. I'd highly recommend it to anyone who is in their first or even fortieth year of teaching!

Very moving book on the lives of children in a classroom.

Great Book for ALL teachers and anyone who cares about children. Highly recommended.

The purchase was great. The book though is filled with common sense. I was hoping for some strategies and ideas that were different. Not the author's fault...just mine for not researching it more.

This was a tremendous book, as a grandfather I learned a lot much of this can be used for grand-parenting. Great book to give to anyone who has kids in elementary school, or give to their

teacher. .If you are a teacher a must read. .

This book was educational, yet, not what I was hoping for. Doesn't share enough "Dear Teacher..." comments that I was hoping for. I don't think I would have purchased it if I had known.

This is an excellent book. We did a class culture building exercise based on it and the kids loved it.

this is a xmas present for grandson to help him understand teachers
