DETAILED BACK ROAD MAPS.

This atlas, and all the Delorme map books, are wonderful. They have everything that resembles a road, and then some. Well worth owning.

Love the Gasetteer-- Had one in my truck for years. It disappeared when I moved and this is a replacement. It's reassuring to have the detailed maps back on board!

We're big DeLorme fans and have been for many, many years. There's nothing like holding a map in your hand, and these are very good maps, except the ringers bug me.

This is handy to have but lacks the detail that it could 7 should have. Back roads are usually unmarked when there is room to put it in. We have found ourselves lost many times when trying to take one of them. There are too many intersecting roads that are not listed and those that are are not labeled.

Much appreciated

prompt delivery good product

The book was older than I expected, but in good shape, and the roads probably haven't changed much in the past 10 years.

THESE ARE GREAT MAP BOOKS. HAVE BEEN USEING THEM FOR MANY YEARS. HAVE THEM FOR 31 STATES.
