This is basically a rehash of his, " Everything Vegetarian" cookbook. There are a hand full of recipes

that are not in this book and vice versa. Don't buy both. that is why title got three stars. I hate when publishers do this, why they didn't have him do a rand new book eludes me. Weinstein is a good chef, would recommend with book, as recipes are doable and would give most vegetarians and vegans a good base. Hope he really does put out a new book, it would be welcome.
