## Customer Reviews

It was pretty interesting. I did find myself not wanting to put it down and, since it was book 2 of this series, it made it even better. It is a bit different than most mysteries I read. The characters are good (maybe a few too many). I enjoyed the fact that the language was used as it should have been. I find myself at a loss as to how to give a good description or analysis of the book, which is a bit odd.

Having said that though, I would recommend the book especially to those who enjoy a good mystery with a little bit of history inserted.

I enjoy Penny, the main character, and enjoyed this book. I liked the first one better, but this had an interesting plot as well. I am looking forward to many more Penny Green novels. She's a fun and independent woman and I am interested to see where her relationship with James goes.

I loved this one as well as the Limelight. Can't wait for the next one.

Very enjoyable! Looking forward to Book 3.

Worth reading.

It was ok but dragged in places. Sorry

Good, enjoyed reading of Penny Green's adventures.

Very good book.
