Lamborghini Model By Model

Synopsis

A beautifully illustrated guide that takes the reader through each Lamborghini production model and some of the most significant concept cars. It presents a thorough base for anyone who wishes to understand more about the history and depth of the company, and how the model line developed and evolved. There are specification sheets for each model and the history and development of the company is covered, from Ferruccio Lamborghini's origins in manufacturing tractors, to producing some of the best known and technologically innovative supercars today.

Co-founder and Editor-at-Large of Auto Italia magazine in the UK since 1994, Peter Collins's enthusiasm for Italian motorsport emanated from Le Mans 1967 as a Ferrari supporter. He has subsequently become intimately involved in the total Italian motoring scene, both with the cars and the people. Peter has now published several books with Veloce, including books about the Lancia Delta Integrale, Alfa Romeo Tipo 33, Ferrari 312P, and British Touring Car Racing.

Great book.

We gave this book to our 11 year old grandson who is in love with Lamborghini's. We had to hold off on the other birthday gifts until he finished looking at this book, cover to cover! It was a big hit!!
